ENCLOSED IN THIS FILING ARE 752 INDIVIDUALS WHO AGREED TO PLACE THEIR NAME ON THE PETITION BELOW:

Dear Chairman Wheeler, Commissioner Clyburn, Commissioner O'Rielly, Commissioner Pai, and Commissioner Rosenworcel:

In order for today's students to excel in school and remain competitive in the twenty-first century, both connectivity and access to the internet are imperative. Even today, as many as 5 million families with school-aged children do not have internet access at home. In order for all students to receive an excellent and equitable education, we urge the Federal Communications Commission to modernize and expand the Lifeline program to support home access for the nation's students most in need.

Sincerely,
